

Practice smarter with DynEd's 5-Step Method

- | | |
|---|--|
| 1 | Get the Gist – Listen for the general idea 🔊
Operation: See how much you can understand by listening from beginning to end without repeating sentences. Guess the answer to comprehension questions as best you can. |
| 2 | Listening & Understand – Listen for all the details 🔊 Aa
Operation: Using the Repeat button as much as necessary, but without the Text button, listen to each of the sentences several times until you can understand every word. |
| 3 | Listen & Speak – Practice speaking every sentence 🔄
Operation: Listen to each sentence, then say it out loud until you can repeat the sentence from beginning to end easily, smoothly, and without mistakes. |
| 4 | Record & Compare – Record & Compare to improve your pronunciation 🔄 🎤 🎧 🔄
Operation: Listen to the model, record the sentence, then listen back and compare your recording with the model to check your pronunciation, intonation, speed, and accuracy. |
| 5 | Summarize & Personalize – Prepare for classroom presentations 🗣️
Operation: Listen to each passage again, then use your own words to summarize the information. Then try to use the same sentence structures to talk about yourself. |
