

Initial Certification Placement Menus – Quick Reference Card

DynEd Academic II Plan

DynEd reserves the right to modify certification criteria. v. Sep_18

- Take an initial Placement Test if students have not done so already.
- Complete at least 20 hours of DynEd study to be eligible for Certification.
- Get a checkmark on each unit, based on 80% completion of the required lessons. Reading for Success requires only 50% completion. Review units are marked with an "R" and are optional.
- Pass each open Mastery Test with 85 points or higher. If students do not pass, they should wait 7 days before retaking the failed test. If students fail a second time, the teacher will have to unlock the Test.
- Take an Exit Test, opened by the teacher, once students have met the requirements above.
 - If students do not pass the Exit Test, students need to complete an additional 6 hours of DynEd study before retaking the Test.
 - If students retake the Exit Test before completing the 6 additional hours, the test score will not be valid.
 - Plus Level Certifications (A1+, A2+, B1+, and B2+) do not require an Exit Test.
- Open and Review lessons are based on students' initial Placement Test score and study progress. Review units or open units may be different for some students.
