New Dynamic English

The road to English fluency

New Dynamic English is a general English course for adults, that develops the conceptual and structural language skills necessary for English fluency. It focuses on language that is immediately useful and prepares learners to incorporate new vocabulary and phrases into their language base. *New Dynamic English* follows a syllabus that helps students acquire English as a skill they can use with confidence in school and in their careers. The course provides more than 200 hours of study and practice.

The DynEd Advantage

Based on 30 years of experience, DynEd's proven methodology provides the intensive language practice that is essential for fluency in English. Speech Recognition lessons, designed to improve oral fluency, increase student confidence and motivation while reinforcing grammar and vocabulary. DynEd's patented "Shuffler" feature automatically adjusts the content level to optimize the learning pace of each student, making *New Dynamic English* ideal for use in classrooms, labs, or for guided self-study. Detailed Student Records are automatically synchronized and accessible.

With a rich variety of language exercises and activities, *New Dynamic English* will help students develop the skills necessary for English fluency in an engaging, efficient and effective way:

- Listening and reading comprehension
- Sentence structure and effective sequencing of ideas
- Pronunciation and oral fluency
- Oral presentation and summarization skills
- The ability to express abstract ideas and relationships

Testing Tools

Placement Test

DynEd's Placement tests position students at their appropriate starting point within DynEd's courses. The process is quick and easy, thanks to DynEd's computer-adaptive testing technology.

Speaking Test

Using state-of-the-art speech recognition technology, DynEd's Speaking Test quickly and automatically measures students' oral proficiency, eliminating the need for expensive native language raters.

Mastery Test

DynEd's Mastery Tests confirm a student's grasp of the material within a course. Passing a Mastery Test gives students access to more advanced lessons.

Intelligent Tutor

DynEd's Intelligent Tutor provides students with real-time, qualitative feedback that continuously helps them maximize the outcomes of their DynEd study time.
